TOUCH2PLAY.

TRUSTED, EASY TO ENJOY, SUPER ENGAGING

For over 30 years, Touch2Play has provided interactive game systems for kids and families in public spaces, hospitals and clinics included! Healthcare providers love how our durable, low-maintenance systems engage patrons while staff focus on their work.

Designed for high-use areas, Touch2Play activities offer sensory-friendly fun for all ages, from toddlers to teens. Plus, they're a great target for donations and fundraising efforts, featuring built-in on-screen recognition to thank donors.

Thousands of systems are currently be enjoyed in hundreds of hospitals nationwide

Touch2Play started over 30 years ago and now can be found in all 50 states and 18 countries worldwide!

TOUCH2PLAY.
